I used to be able to switch on/off auto-tune. 0 out of 5 stars 0 adobe audition cs6.The Man who Invented the 20th Century Duffield Turnbull, by all accounts an intelligent, hard-working man with a wife, four children and a small business, found himself with a problem — no one was coming to the door to sell his services. So he had an inspiration. He would sell encyclopedias door-to-door, for himself and the company he worked for. The natural thing to do, then, would have been for him to use his native Yorkshire accent, his extensive knowledge of business and his idiosyncratic manner, to convince people that he
