

Single player and Multiplayer career mode Earn money and buy depots and buses Take care of maintenance of your buses Prove your skills and complete individual tasks in order to expand and increase your profits Complete trainings, pass exams and increase your earnings on the corresponding lines Take over stand-in rides for your virtual colleagues Multiplayer with freely accessible 3D depot Become a staff member in a virtual company of your choice Receive shift schedules from real dispatchers Detailed statistics and rankings for players and companies Find your own company together with your friends Comprehensively manage the bus depot and the buses Store repair tools and spare parts in the depot, including slot machines for distributing spare parts to the various points of the depots Make sure that your buses are maintained in good shape and all required repairs are carried out in time 24/7 working hours with real-time scheduling at the depot The Bus Company Simulator takes care of all aspects of running a bus operation. In this state-of-the-art simulation game you experience your own brand-new business. The Single Player Career In the career mode of OMSI 2, the player starts out with a bus company that is just about to collapse. His goal is to make it up and to rebuild the company. Completing this dream-like journey will earn the player a large sum of money. Player's central duties in the Single Player Career Mode are to expand the depot, buy and train more buses, and perform all necessary maintenance services. After the company has been expanded and is on its feet, the player must manage the depot and perform all kinds of maintenance. Essential Requirements: Intel Pentium 3 667 MHz or higher, 256 MB RAM, 1 GB free disk space Single Player Career Mode on Business Simulation Games In OMSI 2, the player takes on the overall management of the facility, including repair works, maintenance services, purchasing and selling of buses, training courses for the employees, and more. Upon the player's arrival at his new bus company, the depot is supposed to be fully functioning and all buses have to be the necessary levels of preparedness. After the player has been working for several months, the bus depot must be expanded: The upper floors of the depot need to be completed and the first bus must be equipped. To reach these goals, it is necessary to have sufficient money in the company's account and to know how to negotiate prices for repairs and the acquisition of

The Signs of the Sojourner is an interactive fiction game that takes place in an alternate history world of the near future where society is composed of four classes: the workers, the artists, the scientists, and the gods. A shining city rises from the ruins of an apocalyptic war that destroyed the old civilization. When the apocalypse begins, seven gods are abruptly killed, and the survivors are faced with a daunting choice: change the world or watch it change without your help. In an effort to understand the loss of the gods and how it could have happened, the seven castaways embark on a journey to find the five attributes of a god: wisdom, courage, endurance, justice and grace. As they travel and meet fellow travelers, they encounter strange and beautiful people and places, and they gradually begin to understand that the gods are still walking among us. On this journey, the gods present a warning that the world is not in its right state of affairs. The knowledge of the gods can empower mankind, but the gods are in grave danger. Signs of the Sojourner is an interactive fiction game, played from a modern interface. The scenario is a single "mission" presented to the player, but the game allows the player to play through the story multiple times, solving the mystery using all the items at their disposal. Each time the player completes a level, the game loads the next scenario and the list of items and bonuses. This game is inspired by the works of Isaac Asimov, Ray Bradbury, J.G. Ballard, William Gibson, and Bruce Sterling. Buy the original Signs of the Sojourner music CD below, or stream the new music here. Part 1- "All-Black Retrieval" Part 2- "Sharks and Stomachs" Part 3- "The End of the Beginning" Part 4- "The Spine of the World" Part 5- "Building the Best Question" Part 6- "The Battle of Goats and Dogs" Part 7- "The Blob Episode" Part 8- "You Are Here" Included in this release: - The Final Cut, the fourth and final cut of the game, includes the final episode written by Ian Nathan, and is the full game plus post-game. - All 13 scenarios are included. - All 37 tracks on the final cut of the game are included, plus the 15 tracks from the first three cuts. -

### What's new:

Hi all....I just started reading about the Naum...I have a lot to learn. I tried to write...and I'm the worst when it comes to proper grammar :( Anyway, I was watching Adventure in Kana Village...saw a good section on how to "cute the Naum"...so I'm going to try to post about what I saw from the video so people can learn from me. It's late and I'm tired...but hopefully someone else will pick up the post. Gotta set the character aside for a while. Happy Naum Appreciation Day! \_\_\_\_\_

The Naum was simply sleepy, and so was the woman now sleeping next to him. She lay against his chest. The words of the man had carried well with her, and so she did not speak. After days of running and hiding from pirates, she had ended up here in the sun where the cliffs went down in much shallower waters than the one running back towards the castle. This was a quiet place, and she had hoped to see the one again who she thought had died when their ship was wrecked. It took the life from her...but it had been a good life. "Now, be a good girl, again. Tell me when I've become a Naum." She looked down in embarrassment at her own body and turned on the man's face. "What's your name?" she asked, beaming a beam of sincerity up at him. She lay on the ground with her knees pulled together when she felt a warm hand between them. The hand was small yet the touch of it moved her already sensitive womanhood. Like pearls on a string, sparkled the nerves that ran through her vulva. She had over a dozen jewels on her breasts, at each side of her nipples, and so she did not know which one was buzzing now. "A gentleman would not harm a lady, especially if he had to ask her permission," a voice said gently. Then her eyes gazed at the penis that was straining to rise between her kneeled legs. As if in curiosity she ran the tips of her fingers around the girth of it. She felt no disappointment when she touched it. On the contrary it felt soft and big and tender as her wonderful thighs parted and the tip of the man's penis was now slipping into the warmth of her womanhood. She gasped as the fullness took her and then moaned like a
